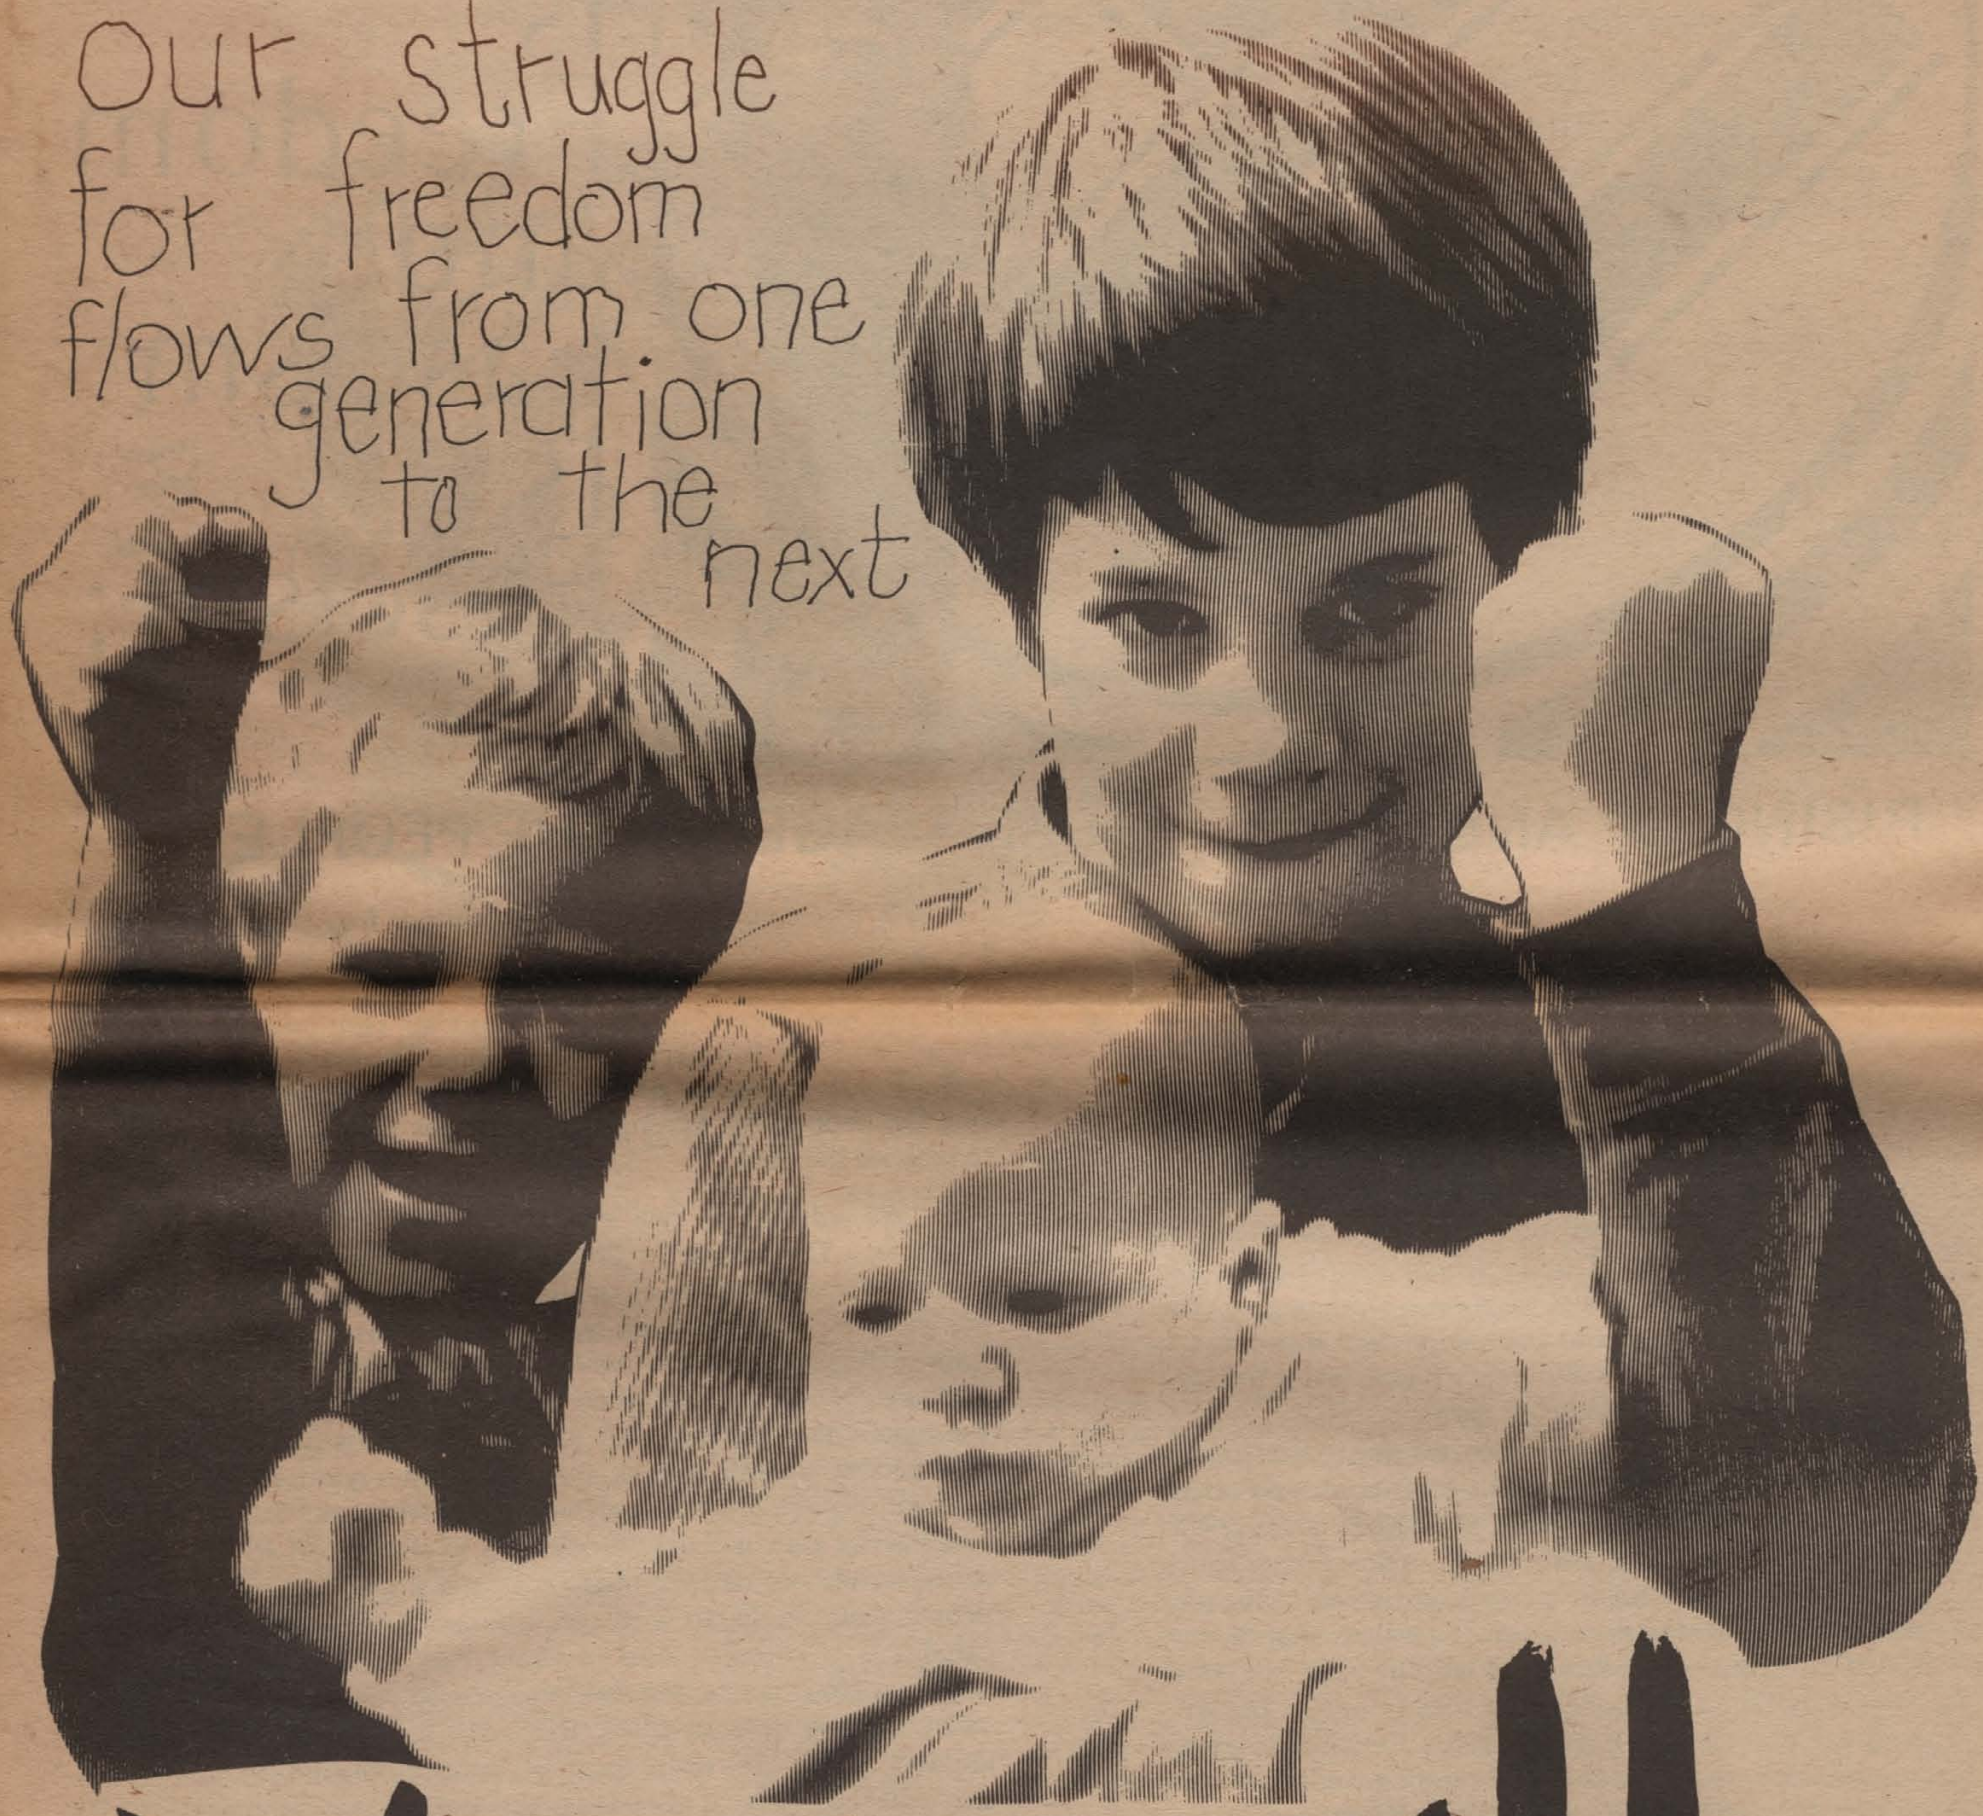
LATE SUMMER 25 cents VOL II NO. 2

Our struggle for freedom flows from one generation to the next



We are all freedom fighters

Freedom
Is
Freedom.
and
Fascism
Is
Fascism;

RISING UP ANGRY

Life, for the masses of common people, is very difficult and it makes sense that people talk of peace. But peace does not necessarily mean freedom. This is *very important to understand, just as it is important to* understand the difference between reactionary and revolutionary violence. The only kind of peace that fascist rulers will permit the people to have is the peace of submission. This is the peace of giving in, of accepting their mind-bending and back-breaking domination. This is reactionary peace. We will not have it, for to submit to and accept this kind of peace would mean we become what the fascists want us to become, a weak people. The only true peace, the kind the people will make, is the peace of revolution. Revolutionary peace means the people controlling and running our earth.

To get revolutionary peace we must practice revolutionary violence. Let there be no confusion about this: the American government is a fascist government. The military holds the real power; important decisions are made by a handful (the executive branch of the government, not the legislature); civil liberties, what few so-called constitutional guarantees we did have, are gone. They may be on the books, but they're gone. The government consciously tries to divide the people, white against black, etc., in hope of getting the people confused so that they will blame each other and fight each other, instead of the rich who rule, and the lacky's who run for them. Understand that fascism coated with plastic, softened with silk, or viewed with a dope induced buzz, is still fascism. It will not disappear by itself. The people must stop it thru revolution.

Revolution, the fight for freedom, means the people will not stand around like sheep and meekly submit to this violence that is pushed on us by the fascist rulers. "Violence is as American as apple pie." It's everywhere - it's the violence of racism, of hunger, of denying people their identity and their history, of death from curable diseases, of unjust courts and inhumane prisons, and the physical violence of the pigs, whether it's petty but constant harrassment or a bullet in the back of the head. The Black Panther Party has led the way to revolution - the only solution. They began by saying we want freedom, and they initiated programs to serve the people. All over this country, they started Panther free breakfast programs, freedom schools, free medical care centers and bussing programs for families of prisoners. The ruling class and their hired pigs have tried and will continue to try to stop the Panthers, by any means necessary, especially thru the barrel of a gun. In order to defend serving the people, the Panthers realized that they too had to pick up the gun.

MESSAGE TO THE PEOPLE

We will not be like sheep. We too, will be like Panthers. The people in Chicago and throughout America and the world, must retaliate against the reactionary violence pushed on us by the ruling class. In the Cabrini housing project (which is like a prison) walk-and-talk 'good guy' pigs tried to give a good image to the reactionary violence that is used against the people. The people weren't fooled; they delivered a good dose of revolutionary justice by offing 2 pigs. When the Gang Intelligence Unit got the Chicago pigs to embark on another search and destroy mission on the south side, the people again retaliated with revolutionary justice. They offed a GIU chump. And in Grant Park, when Daley tried to soften the reactionary violence used daily against us by putting on a so-called 'free' rock concert, we retaliated. Black and white together practiced revolutionary violence - getting even for a summer of continuous harrassment and busts in the neighborhoods.

Anyone who calls for peace without getting rid of Imperialism and the reactionary violence it exists on, is violent by the fact that they help keep this violent system going. Whether it's against Nam, Cambodia or the south side of Chicago. Anyone who says all violence is the same, is plain wrong. Anyone who says they're for the revolution, that they hate judges and pigs, but then back off when people's justice is carried out, is talking against the people and supporting the pig, whether they like it or not. There is no 'too fast or too far' when we're talking about freedom. Freedom is freedom, and fascism is fascism. The two can't go together. We can't move too fast or go to far when we're fighting for one and getting rid of the other.

ALL POWER TO THE REVOLUTIONARIES
ALL POWER TO THE PEOPLE

REVOLUTIONARY PEOPLE'S CONSTITUTIONAL CONVENTION

We are demanding a Constitution that reflects the ethnic and the pluralistic nature of the society. We demand a Constitution that would guarantee us the right to live. We demand a Constitution that has respect for the people, and a Constitution that serves the people instead of a Constitution that serves the ruling class.

HUEY P. NEWTON
SUPREME COMMANDER
BLACK PANTHER PARTY

Whenever we're going around to the neighborhoods rapping to brothers and sisters about the revolution, a lot of times someone says, 'Yeh - I don't dig the pigs, I'm against the war, capitalism and competition sure sucks, but what are we going to replace it with? I can't dig Russia or Poland.' Well, we've rapped alot about our ideas, but we've never really written it down and spelled it out for the people. Now, under the leadership of the Black Panther Party, revolutionary people - black, white, red, brown, women and men are getting together to write a new constitution - to put down on paper what we are and what the new society will be like after the revolution.

On September 5, 6, 7, and 8th, people from all over the country are going to get together in Philadelphia, Pa., to write down our vision of a new society and its' constitution. We need to do this because the old constitution sucks and always has. The constitution was not written by the people, for the people. It was written by the rich, for the rich. It never guaranteed all the people 'life, liberty and the pursuit of happiness.' It guaranteed rich people they would continue to run it and it guaranteed continued misery, poverty and oppression for the masses of people.

Dig! Black people were considered property, worth 3/5ths of a human being, and had no rights whatsoever. The Indians, the only 'true Americans', were not even mentioned and were put in concentration camps. Women didn't even have the right to vote, in fact they didn't have any legal rights at all. As a matter of fact, the majority of the people didn't have the right to vote. The only people who voted were property holders and only a small minority owned property. These few facts show where the fat assed pigs who wrote the constitution were at. So, what is this 'equality under law' bullshit? As you see, the constitution never intended to give people like you and me any rights, and it never has, and it never will.

Are you hip to 'no knock' and 'preventive detention'; laws that the fascist U.S. congress just wrote into the books. In case you're not, let me run it down for you. 'No knock' - the racist fascist pigs can break down the door to your crib at any time, without knocking, if they feel 'there is reason to believe evidence inside would otherwise be destroyed.' Pigs never knock anyway and now they can bust in on anyone at any time, legally! Some rights we have huh? But if that blows your mind, check out 'preventive detention.' If you are cracked for suspicion of anything, you can be held in the shithouse for up to 60 days without bond, if the judge thinks you might be dangerous to the community or might commit a crime while out on bond. Since we're all dangerous to the pigs, ain't none of us going to get bond. These laws apply only to Washington D.C., but are meant as a model for all states.

If these laws can be passed and this bullshit can be done legally then the constitution only guarantees rights to the pigs and isn't even worth the paper it's written on- so we've got to start all over again and write our own revolutionary people's constitution.

We want a people's thing- a contract between ourselves, where our needs are met, and our rights and differences are respected. We want to make "all power to the people" a reality.

You see everyone should put their ideas down so everything can be considered when this revolutionary constitution is written. Better yet, everyone should try to get to the convention.

But we want to lay out some ideas we have about what this constitution will say. We believe that all the basic needs of the people should be guaranteed. This means that every person-regardless of anything-should have the food, clothing, shelter, and medical care needed to live. It means everyone should be guaranteed a free education, including college if that is what she or he wants. We feel that there should be free day care centers so women can play a full role in society. Children build the society and their well being should be the responsibility of the society. We've got to guarantee all minorities full control over their community and their cultures will be allowed to florish and grow instead of being oppressed. We've got to make up for the racism that fucks over so many minority groups. We think that a society as rich as ours can afford all of this with very little effort. Furthermore, we think first and foremost we should get US businesses out of the rest of the world. US businessmen have fucked over our brothers and sisters around the world for too long and we have got to guarantee their freedom.

There's a lot of things we have to think out and work out together, like workers controlling the factories and tearing down the fascist military and building a true peoples militia. We've got to free the people and that means that everyone has to seriously take part in writing this new constitution.

So if you're sick of the pigs kicking in your door, or if you want kids but don't want to be tied down 24 hours a day if you have them, or if you work hard but can't make ends meet; in other words if you aren't rich or a lackey- its your responsibility to be a revolutionary. It's your duty to help write this constitution, and it is absolutely necessary that you fight to make the new constitution a reality. All power to the people!

WHAT YOU CAN DO

Angry is doing fundraising and organizing the transportation. So if you can help or if you want to go or need more info, contact Angry or come to the office. 472-1791 RUA—2261 N. Lincoln.

People's Party II is a revolutionary organization in Houston, Texas very similar to the Black Panther Party. Carl Hampton, their leader was obviously a great danger to the pigs of Houston. He was a revolutionary who loved the people and fought the real enemy. There was a rally at their headquarters with blacks and whites. The pigs stationed snipers with high-powered rifles on nearby rooftops. Carl was shot to death by the pigs with no provocation. It was a clear assassination.

When Carl was lying shot on the ground and everyone was hiding from the attack, Bartee Haile, a white revolutionary from the John Brown Liberation League, ran out into the rifle-fire to try and pull Carl to safety. He was shot but not killed. For that, Bartee was charged with attempted murder.

CARL HAMPTON

A year ago, Fidel, leader of the Cuban people, announced a program to harvest 10-million tons of sugar cane. Revolutionaries from all over the world went to help in the harvest. Fighters from Vietnam left the front lines of battle to help Cuba in its economic battle against U.S. Imperialism. Brigades from the U.S. went down there to show that not all Americans are pigs like Nixon, Daley, and Hanrahan. Black, white, and Latin revolutionaries from the belly of the monster showed solidarity with other revolutionary peoples.

The year is over and the harvest didn't make the 10 mil. tons. Fidel explained to the people why they didn't make the goal. He said that the people all showed heroic effort and that the blame falls on the leadership. Fidel said it *was his own fault and the fault of other leaders in the* government. Then he offered to resign. He said that whenever the people didn't like the job that he was doing he would quit.

Fidel made the statement, 'The people have done well. It is we, the leadership, who have failed to carry out our tasks.' When Fidel was out in the field cutting cane ½ a day, every day for the first 70 days of the harvest, he cut 12,500 pounds a day.

Could you ever imagine punks like Nixon, Agnew or Daley doing anything with the people rather than against the people?

RIGHT ON FIDEL!
VENCEREMOS! (WE WILL WIN!)

CANE CUTTERS

Everybody's always talking about how terrible the pigs are. Everybody's always saying Off The Pig! Some people at the Southmoor Hotel did just that. They got their shit together and offed one of the biggest oinkers in the whole world.

James Alfano was a pig of the worst kind. A member of the Gang Intelligence Unit, Alfano worked very hard to make life miserable for members of the Black P. Stone Nation. The people can only take so much shit. The heroes of the people, that killed Alfano, knew what they were doing. The stupid pigs say that they need cooperation from the people to smash the gangs and stop police murders. For blocks around the hotel, brothers and sisters were shooting from windows at the pigs One pig said that it was worse than Nam. Right On!

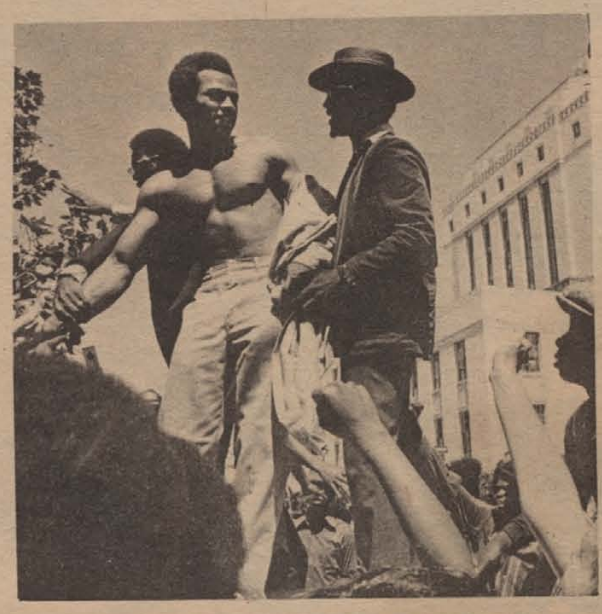
That's 7 dead pigs this year. Let's make it 700.

Kill A Pig - Satisfaction
Kill More Pigs - More Satisfaction
Kill All the Pigs - Complete Satisfaction

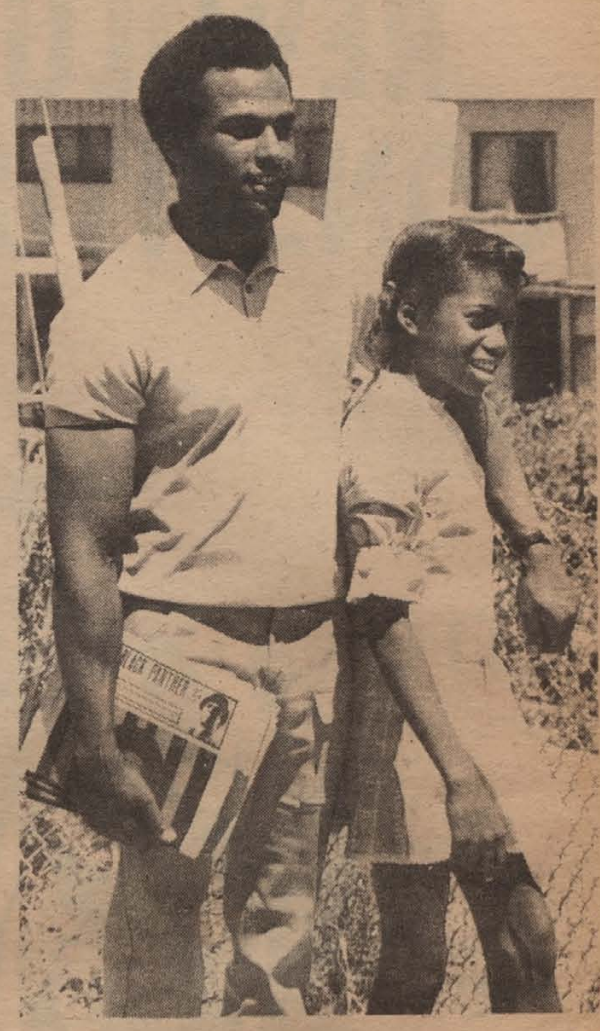
Huey P. Newton, Minister of Defense of the Black Panther Party, is out of jail on bail pending a retrial. Huey was convicted of manslaughter and sentenced to 2-15 years in jail. He is free now because people all over the world have demanded that Huey be freed. Because revolutionary people let the fascists know that we would not allow them to keep our leaders in their shitholes, they got scared. So, finally after a lot of hassles and a lot of struggles, Huey is free. Right On!

The first thing that Huey said when he got out was, 'Now let's free the Soledad Brothers.' Then Huey said that the Black Panther Party was going to send some of its members to help the Vietnamese people fight the U.S. government.

WE SAID 'FREE HUEY' - AND HUEY IS FREE!
NOW FREE BOBBY!!!



HUEY GETS RID OR PRISON CLOTHES



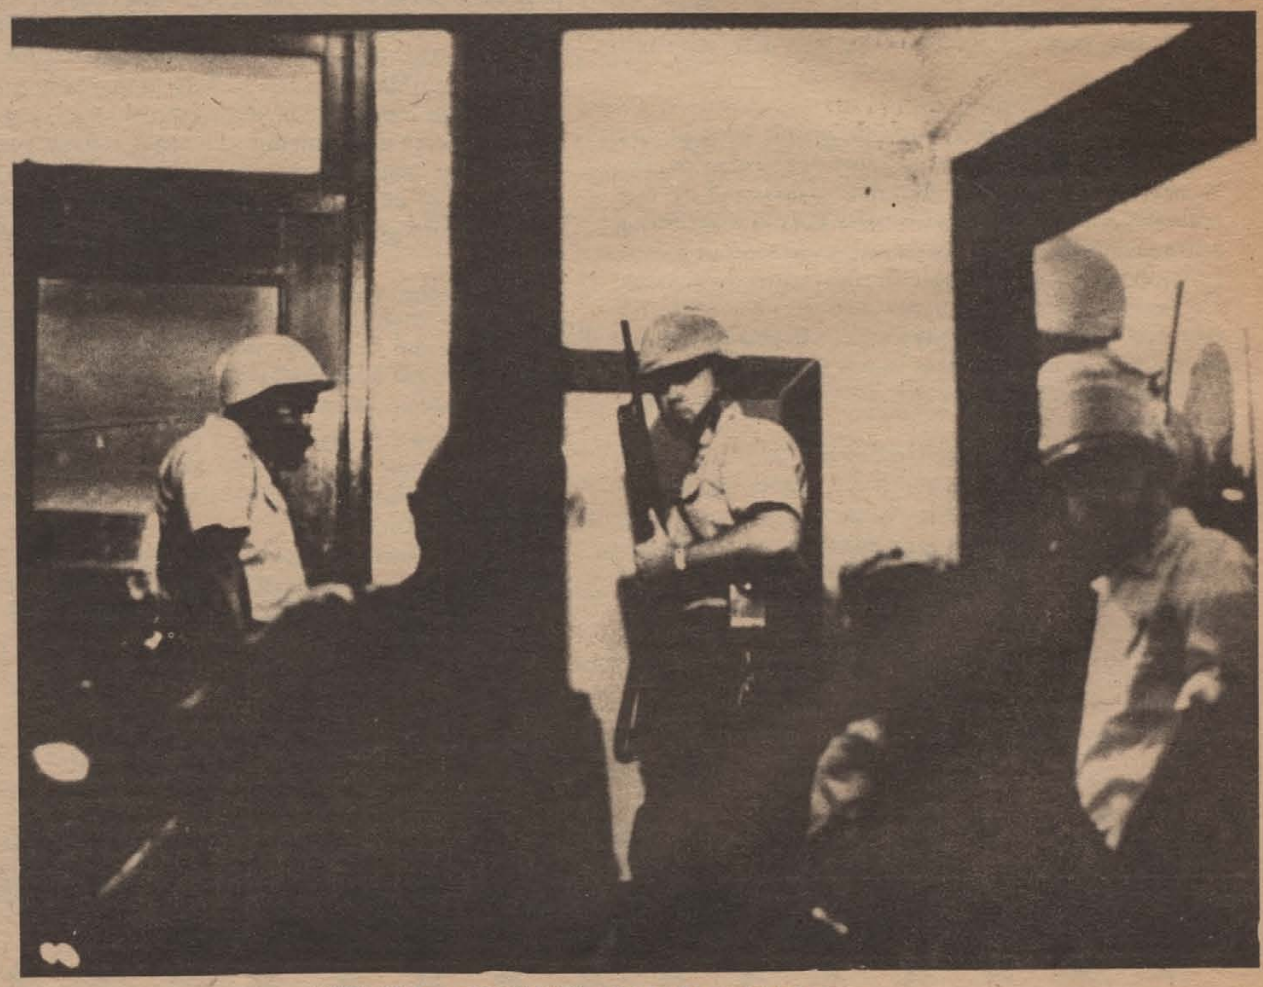
Zsa Zsa Gabor was robbed in a New York hotel of $700,000 worth of jewelry. She told reporters that it would've never happened in Chicago. Fuck you, Zsa Zsa - come around our neighborhood and we'll rob everything you got - you decadent, snobby, creep!

Recently, in Peru, there was an earthquake that killed many people and left many without homes or food. All over the world, other countries contributed money and clothing to help the people of Peru. The largest contributor in the world was the People's Republic of China. They gave a cash contribution of $620,000. Fidel gave his own blood. Nixon sent his ugly old lady.

RIGHT ON - To the Internationalist Spirit of Chairman Mao and the Chinese People!

On August 1, there was an explosion at the Bank of Brazil in New York City. The Chase Manhattan Bank was bombed on July 19,and the Bank of America branch was damaged on July 24. All these banks have been making profits off the exploitation of poor people all over the world. Let's start making life as miserable for the bald-headed businessman chumps as it is for us.

POWER TO THE BROTHERS AND SISTERS WHO DESTROY THE PIG'S PROPERTY!



PIGS SEARCH HOUSES AROUND SOUTHMOOR

'THE TOMBS'

The Tombs are a prison in New York City. There are twice as many prisoners in there than the jail can hold. Most of the inmates are brothers who have not been convicted of a crime. They are poor people, mostly black and brown, who did not have the money to post bond. They sit in the cell for usually more than a year before thay go to trail. If they are not guilty, then they're just out of luck. The only way to get out of the Tombs if you're poor is to plead guilty to a crime.

Some brothers in the Tombs said, "Enough." They jumped the guards and took them as hostages. They broke the windows and got their first look at the outside world. People outside could see clenched fists waving from the windows. Black fists, white fists, and brown fists all waving together demanding better conditions. It started on the ninth floor and quickly spread to all twelve floors. The guards who were held as hostages were treated well, not like the way prisoners are treated. The prisoners demanded a meeting with Mayor Linsay. The guards were eventually released unharmed. The brothers in the prison said that they took action because that was the only way that people would know what was happening to them.

FREE ALL PRISONERS
DEATH TO ALL PIGS

Cop Edwin Baal was giving a citizen a hard time for double parking. The harassed citizen had taken enough shit from the fascist pigs. He knocked Baal to the ground and four women that were in the car, got out and beat the fuck out of Baal. He has two dislocated vertebrae in his neck.

RIGHT ON - SISTER POWER TO THE SISTERS!

The rich pigs of France spend their summers on the plush beaches of southern France. These are the businessmen who get rich while the poor people starve. The city is a drag during the summer, so they can afford to go out to the country. Some revolutionary brothers and sisters have decided to fuck up their summer vacation a little bit. Under the slogan 'No Vacations for the Rich' they've been throwing stink bombs into the fancy nightclubs and casinoes and they've been messing up limousines and fancy cars.

RIGHT ON - AIR CONDITIONING FOR THE PEOPLE AND HELL FOR THE BOURGEOISIE!

Janis Joplin was asked about free rock concerts. She replied that everyone should pay for rock concerts even if they have to sell their old lady to do it. Fuck you, Janis - when we rip off the next rock concert, we might just rip you off right along with it!

Uruguay is a small country of South America that is ruled by a small, oppressive dictatorship. The people of Uruguay want to get rid of the present regime but it stays in power only because it gets arms and economic aid from the U.S. The CIA also sends 'advisors' down to help set up and maintain fascism.

One of these slick mother-fuckers was Dan A. Mitrione, a Special Advisor on modern police tactics. Mitrione's job was to teach the pigs of Uruguay how to repress the revolution. So Mitrione, the international pig, met with justice.

The Tupamaros, a revolutionary underground organization, kidnapped Mitrione and 3 others and held them hostage. The Tupamaros demanded the release of 150 political prisoners. When the dictator refused the deal, Mitrione was executed by our brothers and sisters of the Tupamaros. The dictator ship of Uruguay declared a day of mourning and closed all schools, stores, banks and government offices. It was clear that except for the Uruguayan pigs, no one gave a shit about Mitrione. May his soul rot in hell.

Later, Tupamaros took over a radio station to broadcast important revolutionary information to the people and escaped untouched.

JANIS JOPLIN

Brian Flannagan has been on trial for allegedly beating the shit out of no-Dick Elrod during the Weathermen demonstration of Oct. 8-11. All the witnesses had different stories and the jury acquitted Brian on all counts. When asked about his plans for the future Brian said, "I'm going back out to the street where I can fight." When asked about the way the prosecution handled the case he said, "Those stupid pigs never asked me if I did it." Brian is free and El Rod won't be tackling any more brothers or sisters. Right on!

BOOM **POWER TO THE WEATHERMEN**

On July 17, fifteen to twenty thousand people attended a rock festival in Love Valley, North Carolina. Love Valley itself is a hustling-bustling town of 72 residents. At the beginning of the festival, the mayor of the town tried to lead the crowd in singing the star-spangled banner. He had his mind blown 'cause when he started singing the only response he got was V-signs and fists. When he tried to lead a prayer, he got the same response. Fuck you, Mayor Pig - we got our own music and we won't pray to your god - we'll fight for a revolution.

ALL POWER TO THE PEOPLE!

In California, James McClain was being tried in a pig court on a frame-up charge. They charged McClain with stabbing a prison guard which means the gas chamber. Three other revolutionary brothers in California are sitting in jail facing the same charges. One of these brothers is George Jackson and the three are known as the Soledad Brothers.

On August 7, 1970, Jonathan Jackson, blood brother to George and revolutionary brother to us all, seized the time. He went into the courtroom where James McClain was being tried, pulled out a piece and said 'Freeze, I've got an automatic weapon.' He then gave guns to McClain and to the two witnesses who were in the courtroom to testify for him. They then taped a shotgun to the head of the pig judge and split, saying, 'We are revolutionaries!' Free the Soledad Brothers by 12:30.' They got into a rented van and split. Though the pigs knew that the shotgun was at the head of the judge, they opened fire because they're so afraid of revolutionaries getting away with actions like this. They had to sacrifice the judge! 3 brothers were killed and one was injured and is facing the gas chamber. But the judge had his whole fucking head blown off!

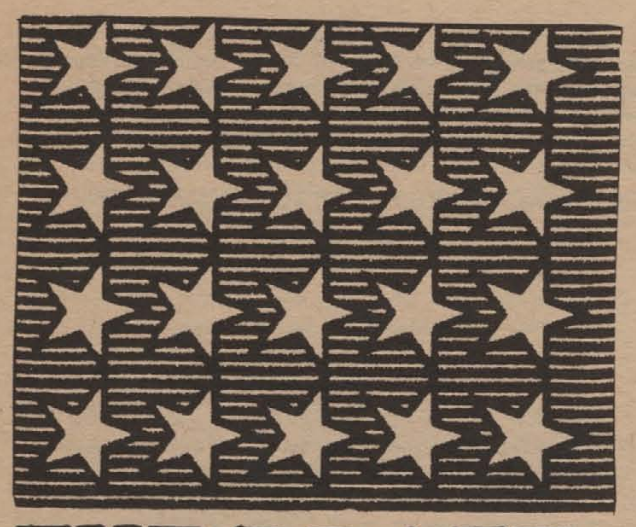
JUDGE GETS SENTENCED



THE DRAFT...

BEAT IT!

If you're 19 or older you're probably worried about the draft. If you're 1-A you're probably uptight. If you've already received your induction notice you're probably shitting green bricks. We've been taught to accept the draft whether we like it or not and when the time comes we figure we've got to go. Everyone else does.

But everyone else doesn't go into the army. Many of us are saying "Fuck You" to the bald-headed bastards at the draft board. If you check it out the draft can be beat. There's nothing to lose by trying to beat the draft and there's a whole life to be gained.

A lot of people talk about going to Canada, but that's a drag. It's kind of a copout to run away from the problem. There's a revolution to be made right here and we not only want to get ourselves out but we think that no one should be in an imperialist army. The life of a draft-resister in Canada isn't as groovy as it seems. Jobs are hard to get and life in general is rough. Jail is always another possibility, but we all know that jail is a drag. There are ways to get out of the draft without going to jail or Canada.

First of all, remember that this article is not a guide to draft evasion. Each case is different and the laws are very complicated. An article can't explain what to do. We should just know that there are a lot of different approaches. Usually the thing to do is pick one thing like conscientious objector or hardship deferment and follow it through. Even if you're not eligible for CO or hardship we have counselors that know what the army wants to hear on those forms and we'll help you give the right answers. Even if you do not qualify it is a good tactic to use because you can stall induction for 4-6 months or you may take it to court and then appeal it. This takes so long and there is such a backlog that the case will probably be dropped.

A lot of people are getting 1-Y deferments. Between October 31, 1967 and October 31, 1969, there was an increase of 1-Y deferments by 737,000. Nobody digs the war in Vietnam anymore and no one wants to fight for a government that is fucking up people all over the world including right here at home. There's a lot of ways to get a 1-Y.

And it's not difficult if you're prepared. Poor hearing, homosexuality, nervous conditions, allergies, asthma, back or heart trouble and many more, are all 1-Y qualifications. RUA has a government list of all the official physical deferments.

If you just tell the physical examiner at the draft board that you have something wrong with you, that's not enough--you need a letter from your doctor, cause most military doctors will accept you even if you're half dead. Don't wait until the last minute to get the letter start on it right away. If you don't have a personal doctor, RUA can help you get one.

At any time you can go to your local draft board and demand to see your file. This file will contain any letters or copies of "Rising Up Angry" you have sent them. But remember: anything you send to the draft board should be sent by registered mail and you keep the receipts. This way, if anything you send is not in your file, you have immediate ground for appeal, and the mail receipt is proof.

Remember, there have been rebellions on every base in the country and the stockades are filled. If they think that you're crazy they might still want you. One guy went into the physical with notes from a shrink that said he was homicidal. The army said that that was just what they needed.

The courts have also said that induction can't be speeded up for troublemakers. You can't be punished for trying to beat the draft. But remember, alone there's not much chance and the time to start dealing with the draft is when you turn 18. The longer you wait the bigger the problem.

GET YOUR SHIT TOGETHER! Contact Angry immediately. We can be reached at this number every afternoon and Monday and Wednesday nights--472-1791.

Brothers already in the military shouldn't think that it's too late for them. There's a lot of shit coming down inside the man's military machine. The revolution is made by the people and it's happening wherever the people are. Get in touch with the local MDM chapter, with local organizations, or contact Rising Up Angry.

Burning will be done in America,

STONE GREASE GRAPEVINE

On September 22, 1969, 3 Milwaukee Black Panthers were busted, beaten and jailed on false charges of resisting arrest and attempted murder of some pig.

September 21, 1970, these 3- Booker Collins, Jesse White, and Earl Leverette- will come to trial on attempted murder charges. After doing a year in the slammer for "resisting." The pigs have no physical evidence, yet the 3, coming up before a reactionary judge, could easily get the 30 year maximum.

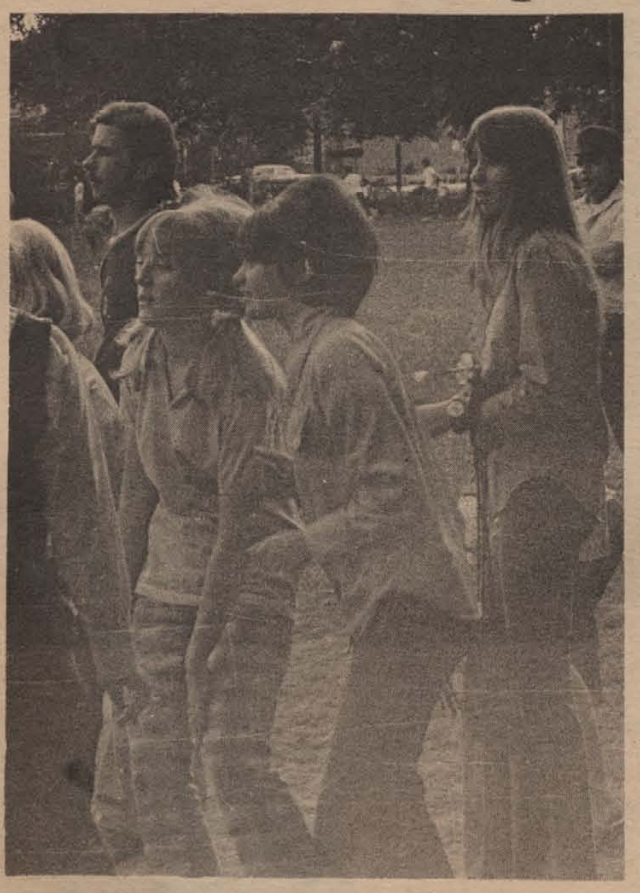
During the first week of the trial, while a jury is being loaded, young people from all over the country will stream in to liberate Milwaukee for at least 3 days. 3 days of high-energy raps, workshops, guerilla theatre and rock bands nightly, culminating in a march and rally outside the court-house. The entire free community of Milwaukee is organizing to provide housing and legal aid, to make food available at a minimum cost.

Co-incidently, it seems that Spiro What's-his--- name will be coming to Milwaukee Sept. the 25th.

We're getting together around 3 points: FREE THE 3, FREE ALL POLITICAL PRISONERS, and STOP PIG REPRESSION IN ALL COMMUNITIES.

September 26-28 will be a chance to get together, to take down some barriers that have separated our struggle.

MILWAUKEE LIBERATION FRONT



KOZY PARK

A couple of brothers were busted trying to go to the rock concert in Canada--for dope and a gun.* The lawyer in Detroit said tell everyone--DON'T TAKE DOPE ACROSS THE BORDER--they have an operation intercept going and the jails are filling up--100 a day at the border. They do a complete check. It's cool at rock concerts, but people are getting busted on the way home. STAY ON THE STREETS!

*They wouldn't let them across without a ticket.

A PIG IS A PIG IS A PIG

A few days ago I was down on Wells Street and a squad car stopped me. And two pigs asked me, "What are you doing on 'our' street?" referring to his and his partner's street! Then he frisked me and ran a name check! Supposedly there was a warrant out for my arrest and down to the 18th we went! The chumps later found out that I was clean and took me back where he found me.

This is a common incident for all of us and shows us just who runs the streets!!! Well pigs, the streets belong to the people and the people are moving on that!

ALL OPPRESSED PEOPLE WILL SEEK THEIR FREEDOM THROUGH THE STREETS OF THEIR NEIGHBORHOODS!

FREE BOBBY!

ARAGON

Some brothers and sisters have been hanging pictures up at the Aragon of the pig who was on the Grant Park page of the last issue of Angry. He is the same plainclothes pig who fucked people over in Grant Park and now strolls around the Aragon. Dig up pig--your pictures are being hung on the walls for a reason.

So watch out with turning your back. You never know when, where or how---Do you dig?

LOGAN SQUARE

During the carnival there was some gang-bopping going on, and a plainclothes dick thought he was being cool pulling out his badge. You should have heard his oinks and squeals as everyone jumped on his ass-even got hit with a sawhorse. They kicked us out of the carnival, we chanted "Hell no! We won't go!" And oinked at them all the way. The pigs got uptight about some sisters sticking with the rest of the group.

There are some bad contradictions here and a lot of bad dope--but the pigs aren't into helping anybody--they still harass us wherever we go. PEOPLE GOT TO GET TOGETHER AND HELP EACH OTHER!

SIMON CITY / CORTLAND AND WHIPPLE

The old Simon City is back together and most of us are digging the revolution. There are some problems with some fights against other gangs. When some of our people are jumped we have to retaliate, and then they retaliate back. The whole thing is bullshit but it's hard to stop the old style gang-bobbing so that all the people can get together to fight the real enemy. Because it's the pigs who've been messing us over all of our lives.

So since you haven't heard much from us all summer we just want to say the revolutionary people can count on us. DEATH TO THE FASCIST PIGS AND THEIR LACKEYS!!

HARLEM AND HIGGINS COMMUNITY

The Red Barn refused to serve a few of the people who hang around there. There'd been some 'trouble' and the pigs at the Barn don't know who did it so they picked out the people they knew by name and sent the pigs after them. One kid who used to hang with us, now works at the Red Barn and this chump is kissing the boss's ass for $1.35 an hour! He calls the pigs on us every night.

One particular night they kicked us out and then the Chump had the pigs go over to one brother's home and tried to question him on a missing napkin dispenser which was on one of their tables! The brother told these pigs and the Chump, "Get the fuck out of here!" The pigs said they'd be back with a warrant the next day.

So now they are in the process of getting warrants for 5 of us!

The pigs even came around on night and had the nerve to say the Mayor himself had been getting on the Alderman's back to clean the Red Barn out. Then the narcs started coming around searching and checking ID's They stopped and searched 3 of our people twice within one hour. On Monday a few of us were in the A & P Parking lot talking and the narcs pull up from nowhere. One brother was arrested for allegedly carrying grass.

We say fuck you, chumps and pigs! If you tread on the people's rights, they are gonna tread on you!

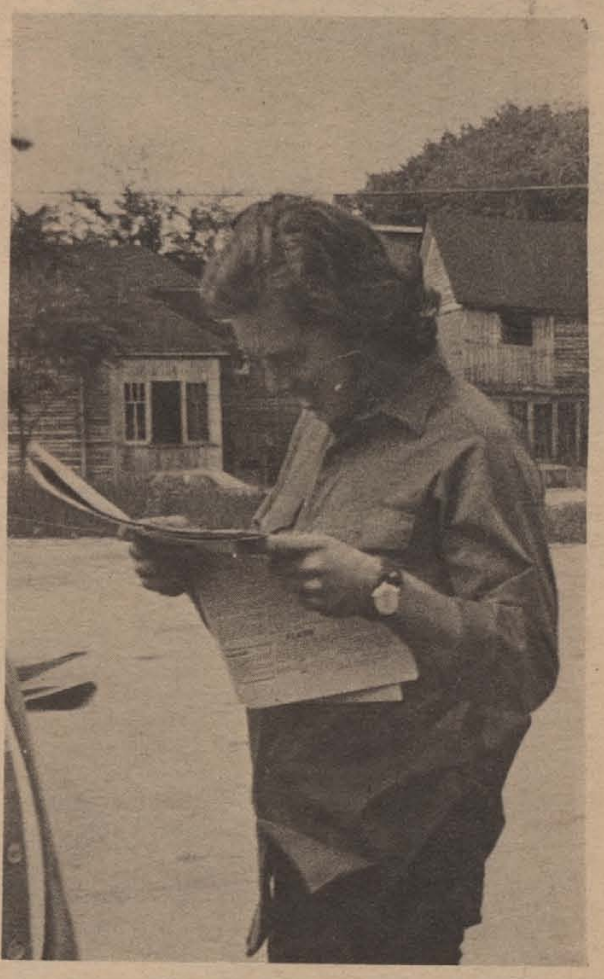
RED BARN WILL BURN!

POWER TO THE PEOPLE!

DAMEN-DIVERSEY PROJECTS

The pigs are always harassing and brutalizing the people in the projects. But the brothers and sisters are learning that by sticking together and not being afraid they can deal with the pigs. Like one night a bunch of us were standing around rapping, playing cards, when 2 maggots pulled up and told us to break it up. None of us wanted to hassel so we moved on, but the pigs thought we were scared so they tried to rip off one of the younger brothers. But he wasn't scared so he ran and when the pig tried to run through the crowd he was tripped and bounced around. The brother is free and the pig has seen the power of the people in action.

Another thing that is going on over here is that some brothers and sisters are relating to the Angry Legal Defense committe. We're beginning to get ourselves together on all levels, in order to intensify the struggle. BE BRAVE--BE BOLD--FOR WE ARE WINNING!!!!!!



C & D and DEVON & LEAVIT

Brothers and sisters from C & D and Devon and Leavitt have let the pig know that they are ready for the revolution by writing revolutionary slogans around the neighborhood. Right on Brothers and Sisters!

ALL POWER TO THE BROTHERS & SISTERS who

WOMENS LIBERATION STRIKE

August 26, 1970, was the first time a lot of us were made aware of women's liberation as a national movement. The Civic Center was packed as women spoke about free and legal abortions, child care, equality in jobs and education, and getting together to encounter the sexism in this society. Most of the chump businessmen there were jeering the whole thing, laughing about abortions and hoping to see a striptease. After all, this is a threat to their chances of getting a piece of ass! Some other guys were carrying signs "Draft Women" and "Women Pay Alimony." Sorry, we don't want to be equal, we have something better in mind, liberation for everyone. Even a couple confused sisters had signs, one which said "This is a man's world. Let's keep it that way" with a picture of Joe Nameth on it. She gave us a lot of shit when we asked her about it, so some of the sisters grabbed her sign and tore it up. We saw her later just carrying the word "man," so no one knew what her point was.

The spirit at the rally was great, everyone giving the fist and wearing buttons. The only draggy thing was that the most revolutionary speakers--who related women's liberation to the liberation of the oppressed people around the world, were all at the end, and unfortunately, most of the sisters had already gone back to work. But it's only a beginning and an out of sight one at that!

FREE OUR SISTERS, FREE OURSELVES!

RIDGEWAY FAITH

If you read the last issue of Angry you'll remember pig Zintek who was harrassing the people from Fullerton and Pulaski. Well that meallly mouthed pig must think he can't die because now he's coming over to our neighborhood running his big mouth and pushing people around. The latest example of his pigginess was when he busted 4 brothers for just sitting on a sisters porch. He's always harrassing and threatening to throw some people out of the neighborhood. As if he owns it! As if he scares us. The best kind of pork is barbecued. Can you imagine a barbeque pig Zintek sandwich?

63RD-64TH between KEDZIE and PULASKI

Lately the pigs have been running amuck. In the last 3 weeks, over 20 people have been busted and lots more searched. These punks from the 8th district are definitely some of America's finest--an out of sight combination of balding idiots and rookie punks. Little do they know that there is only so much hassel The people can handle.

DEATH TO THE FACIST PIGS!
ALL POWER TO THE PEOPLE!

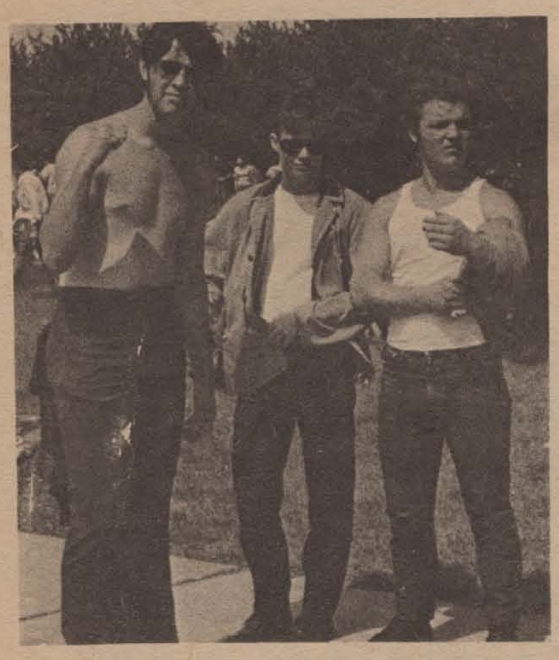
BRANTS PARK

We've lost one of our brothers to the pig military. Brother Mike who came back from the Army a revolutionary. After being AWOL, he's gone back to the fascist army even more dedicated to the revolution. From what we've heard they didn't fuck with him too much, just took 1/2 his pay. But since they don't pay GI's shit--loosing half of it doesn't mean much. We're sure that Brother Mike will be strong and carry on the struggle inside the army. While he's doing that, we'll be fighting on the outside.

FREE BROTHER MIKE!
FREE THE GI'S! FREE THE PEOPLE!
AND FUCK THE MILITARY!

KILBOURN PARK

The people up here are just starting to get hip to the revolution. A lot of us have been relating to the political education that Angry has been running down for us. And we are going to be moving into action in the neighborhood by putting propaganda on the walls, passing out the paper, and getting ready for school to open. Also some of the brothers are taking advantage of the Rising Up Angry draft program by getting counseling so they won't have to go into the pig military. Right On!



WHAT IS A PIG?

"A low natured beast that has no regard for law, justice, or the rights of people; a creature that bites the hand that feeds it; a foul depraved traducer, usually found masquerading as the victim of an unprovoked attack."

BELOIT, WISCONSIN

The People's Dreadnaught and the Beloit Anti-Draft Union sponsored a People's Picnic on Saturday night, August 1. Two hundred brothers and sisters dug up on the Madison Guerilla Theater doing its thing (stomping on capitalism!). The film People's Park and some good music with heavy rappin'. The theme was Free the MILWAUKEE 3 (three Black Panthers framed on a murder rap) and Free ALL POLITICAL PRISONERS!

Eric from Rising Up Angry rapped about the Grant Park rebellion and what ANGRYis into. Brothers and sisters were diggin' the word - "GANGBOPPING IS BULLSHIT. RACE WAR IS BULLSHIT. PEOPLE'S WAR IS THE GREATEST INVENTION OF THE TWENTIETH CENTURY!!" Right on!!

SAN QUENTIN PRISON

In one of the worst prisons in the country, 500-600 prisoners demonstrated recently by demanding that all condemned men be sent to Communist countries or those that have joined a free world solidarity pact with oppressed minority people. The prisoners set fire to the cell block office, refusing to go to their jobs or back to their cells after breakfast. They demanded that all political prisoners be set free and also demanded freedom for the Soledad Brothers, 3 black men in Soledad Prison charged with murdering a prison guard. They demanded the appointment of black and Mexican-american wardens and assistant wardens, closing of the disciplinary units, and dissolving the State Adult Authority.

Free All Political Prisoners !
Free the Soledad Brothers and Los Siete de La Raza!

AVER PARK

Word about Angry and the revolution is spreading pretty fast around here because of the dynamite wall painting that has appeared. Everywhere people go they have to deal with the revolution because our message is everywhere. Other brothers and sisters should dig on this and do it!

But wall painting isn't all that's happening. Because we're doing some heavy rapping and getting our ideas together on how to move because revolutions are made by taking action and that's the next level for us. The Angry educationals help us understand revolutionary ideas but we've got to do more and we will. Power To the Revolutionary Wall Painters!

love the people and fight the real enemy

WILSON PARK

Because the pigs are so stupid and so slow they try to make up for their mistakes by doing something even stupider. Check out what happened up here. One night there were some brothers and sisters in the park drinking some beer, like everyone all over the city does. At the same time a bunch of us were out playing football--not having anything to do with the people getting high. Well as usual some sleezy ass pigs tried to crack the brothers and sisters who were partying. But due to a lot of practice these brothers and sisters were swift and made a quick getaway before the dumb pigs could catch them.

So to make up for their stupidity the pigs decided to bust all the rest of us who were playing the great all-American game of football. Ain't that a bitch! 12 brothers busted for playing football. The charge? Being in the vicinity of alcoholic beverages. We are confident that even in the facist courts we can beat this rap.

The pigs are teaching us all what facism is. Now we've got to deal with them.

OFF THE FACIST PIGS!

C & D

The pigs from GIU and Task Force have been making more nightly stops up at the corner, but have only been bringing people home and not to the station. That's probably because they want to look good in our eyes. Dig it! A few GIU Chumps asked us why we didn't gangbang any longhairs. Then they said there a lot of longhairs down at Morse Beach and offered to drive us down there. Dig it Pig! We know the real enemy and are getting prepared for the time already!

LONG BEACH, NEW YORK

Recently some brothers and sisters who dug serving the people, and stopping the pig got together to form the Pioneer Party. Right ON to the brothers and sisters who get together to fight the real enemy.

Last month, some people from the Boardwalk, the nightime hangout for the young people in Long Beach, were harassed pretty bad by the pigs. They decided it was time to do something about it. A group of them went to the pig station to hold a peaceful demonstration to demand the release of a brother. A group of pigs suddenly rushed into the crowd and grabbed the speaker after some scuffling. DIG IT PIG, we lost a battle, but not a revolution!

HOLLYWOOD & RIDGE

One night a bunch of us were standing on the corner, as usual, and along came this sister. When she passed us we noticed that she had 2 Amerikan flags on her ass--one on each cheek. We were all digging it--thinking that she was a right on sister. Then along came chump pig scum bag Timothy O'Mahoney (a CTA pig at that He grabbed hold of the sister and held her until a genuine Chicago pig came along and busted her. They cracked her for desecrating an Amerikan flag and set her bond at $2,500 (later reduced to $1000). We were really pissed off. The way the pigs act everyday--the fact that they are so uptight is making us realize what a facist country this is. Maybe next time one chump CTA pig won't be able to hold a sister--just maybe, the people will set her free.

FREE ALL POLITICAL PRISONERS!

NORTH SIDE

A sister who has been handing out Angries at her factory is really being messed over in the worst way by her boss. In the past when he saw her with the Angries he singled her out with racist comments and threats about being fired. Being a together sister--she refused to be intimidated so he has stooped even lower. Now he is threatening the other workers who have been getting Angries from her. Some of them are women who are sole supporters of families and barely making it. Some of the workers are really pissed off and just about fed up with having Hitler as their boss. But they are afraid because they feel they can't count on all the workers support. Especially those that have worked there for a long time. We must get it together and support each other, and not let this meally mouth chicken punk facist intimidate us.

Brothers in the Struggle

Revolutionary committment and activity by EM within the fascist military is increasing at such a rapid rate that it is almost impossible to keep on top of it all. Like brothers at Camp Pendelton liberated an armory for the people; in Nam brothers are hijacking planes; shooting lifer pigs, and deserting. At El Tow there is a constant work slowdown and one whole shop is in the brig for kicking their sergeants ass. And at Ft. Lewis 6 brothers have stood together refusing shipment to Nam. In Wisconsin at a National Guard training weekend, 3 bombs were planted - one for the switchboard, one for the water supply and one for the power. The switchboard and power were blown out. With all this happening, the pig lifers don't know what to do. If they try to do two things: buy people off with crumbs and to repress those brothers who are leading the fight. Like at Great Lakes Naval Training station, the hair code regulations have been relaxed in hopes that the brothers will be satisfied with long hair and not worry about the war - and it doesn't work. At the same time that the pigs tried to buy people off with hair, the whole leadership of Movement for a Democratic Military at Great Lakes was transferred out. Dig it - the pigs are scared because they can't stop the revolution from growing.

What we're trying to do in Angry is help those brothers and sisters inside the fascist military get it together. That's why we print letters from all over - so we can exchange ideas and thoughts on how to off the pig and his entire Imperialist system. We get so many letters that we can't print them all. But that's no reason not to write. If you have some heavy shit going down in your company or on your post, sit down and write it out so other G.I.'s can pick up on it and move the revolution to a higher level, to bring the people closer to victory.

Check out these letters from a couple of heavy brothers.

ALL POWER TO THE PEOPLE!

Dear Congressman,

I take pen in hand to complain about my piece. After months of assiduous care and maintenance of the weapon (M-16) it failed to function at a crucial moment endangering my life and the lives of other men in this company. Last night, at 0300 hours I had a clear, unobstructed shot at the captain. To my chagrin, the weapon misfired. It may be weeks before I get another crack at the bastard and in the meantime I am subjected to the ridicule of my associates and can kiss goodbye the $2000 in the company pool.

Signed,
One Mad G.I.

Dear Brothers and Sisters:

Thank you for the copy of Rising Up Angry. I enjoyed reading it. I am happy to learn that my brothers and sisters are getting it together back in Dick's city. The struggle is a Motherfucker - but we can do it!

I took particular interest in the Stone Grease Grapevine section, many of the communities mentioned were once my own turf. It's good to know that the people are finally learning who their enemy is.

Some of the brothers took interest in RUA when I showed them, some were too high to realize what they read and some just weren't ready. But we all are ready to get out of the war and get back on the streets with the people. Then those that are ready, can assist in the struggle - and those that don't know, can begin to learn. I would have liked to write to you in the real words of a revolutionary, but being Government Issue - I must surpress my feelings or be elimenated by the State. Free Bobby, Free All Political Prisoners, Free the G.I.'s, Free the People!!!

Right On,
Brother Mike

F.T.A.

MDM–CAMP PENDELTON

Brothers and Sisters:

I've been digging on Rising Up Angry ever since issue number six. Your paper improves with every issue and seems to be even more promising in the future. Especially keep up the articles on revolutionary struggles of people all over the world. We have a lot to learn from them and can take heed in their different philosophies. Personally, I have but one philosophy - Kill All Pigs!

Most of the G.I.'s around here are getting it together and it won't be long 'til the fucking lifer pigs get what's coming to them. The army has been fucking over us since the beginning of time and it must be stopped or the revolution in the streets will never succeed. If we don't stop the lifers, we'll be forced into putting down the struggle of our brothers and sisters in the streets. It's our struggle too. If we refuse to take part in any type of riot control, the lifers will be lost. We are the key to victory.

Keep up the good work and I hope to be able to help you once I am back on the streets again. Off the Pigs.

Rip

P.S. A couple of months back, the pig commanding officer of my unit, ripped down a poster that I got from your no. 8 issue. At that time I didn't know my rights. If you could dig me another one of them up, I plan to have a confrontation with that sonofabitch.

sisters!

A woman in her mid-twenties is walking along a street, carrying a bag of groceries. She is attractive and pleasant looking, but not over made-up or dressed to attract attention. She is wearing a blouse and skirt (not very short), a sweater, and a pair of flat shoes.

A man passes her in a car.

Man: 'Hey Baby, how 'bout a lift?'
Woman: (firm) 'No thank you!'

Man: 'Come on, Baby.' (She ignores him.) I'll give you a five.'
Woman: 'NO!'

Man: 'Come on.' (She ignores him.) 'Hey, don't you hear me? Come on.'

(She continues to ignore him, he drives away. A man passes on the street.)

Man 2: 'Hello.'
Woman: (just to be polite.) 'Hello.'

Man 2: 'You sure got a nice ass, how 'bout some?'

(Two twelve year old boys walk along the street towards the woman, talking to each other. As they pass her, one of them reaches out and touches her crotch. They both laugh and run. She turns around and runs a few steps after them but, realizing she'll never catch them, turns around and runs a few steps after them, but realizing she'll never catch them, turns and walks nervously on. Two moving men come down the street, a television between them.)

Moving Man 1: 'Good afternoon, Darling'. (She stiffens and does her best to ignore him.)

Moving Man 2: (nasty tone) 'Not too friendly, are you?' (When he is very close to her, he shouts) 'Hey, don't you wear a bra?'

(Man passes on the street - making kissing noises)

Man 3: 'I'm on the outside looking in, Baby, boy would like to be on the inside!'

(Woman drops her groceries, pulls a gun out of her purse, and shoots him - again and again. with glee!)

DIG IT

Perhaps our brothers will dig this scene and realize why we don't get ecstatic when they whistle and offer us a ride, or yell 'hot cock' and 'hey, pussy' at us. Maybe they can also dig how it feels to be constantly put down and insulted if we don't come up to some 'playboy' idea of beauty. We are like the sister in the play, we can barely stand it any longer. We can't stand to once more walk down the street feeling like a half - dressed piece of meat to be examined and graded. Put yourselves in the scene in place of the woman. You couldn't take it - just as she couldn't. But women aren't looking for revenge. We're trying to work out answers and one answer is equality and sharing. A woman's step toward liberation is a step toward liberation for every man, woman and child in this world.

We all have a lot of anger and frustration. It's insane to take it out on each other.

When women demand equality, it's absurd to think we should be drafted instead of men. We won't fight the pig's war any more than we want men to - but you can be damned sure we'll fight side by side to make a revolution.

Sexism is one of the dirtiest games the advertising pigs ever came up with. They make our sisters and brothers believe that 'a woman's only value is her looks.' They make us compete against each other to be the best dressed, foxiest looking, chic around. And in order to do this, of course, we have to buy product, after product, after product.

flashes

Almost since the beginning of time, systems of government were developed where a few would have all the power to control the many. One of the first pig tactics was dividing the men and women. Women are ½ the population and the attitude that women are just mindless bodies, sex objects and servants, cuts off half the ideas of people in the world. It also cuts off half the strenght. We have to smash the pigs game that makes men feel threatened by women and women feel threatened by each other.

NEXT TIME GAS THE WHITE HOUSE

Eight years ago, the army had 12,540 rockets built and each one had a warhead of extremely deadly "GB" Nerve Gas, one of the most inhumane and outrageous anti-personnel weapons invented.

Within a very few years, the weapons were obsolete, and the army had problems: First, they had discovered possible leaks in the rockets, so they might go off by accident. Second, they had forgotten, in the typical army way, to build de-fusing devices into the rockets. So they sealed them up in huge concrete blocks--30 to a block--and figured to dump them in the ocean.

Why in the ocean? Because they don't give a damn about people. The two safer ways of getting rid of the gas (blowing it up in an atomic test, which would burn the gas up from the heat, or by neutralizing the gas with vats of alkali) were considered by the army to be too complicated and too expensive, even though it would be a drop in the bucket compared to the bread wasted on anti-ballistic missles, super-sonic jets and all the other bullshit the army gets into.

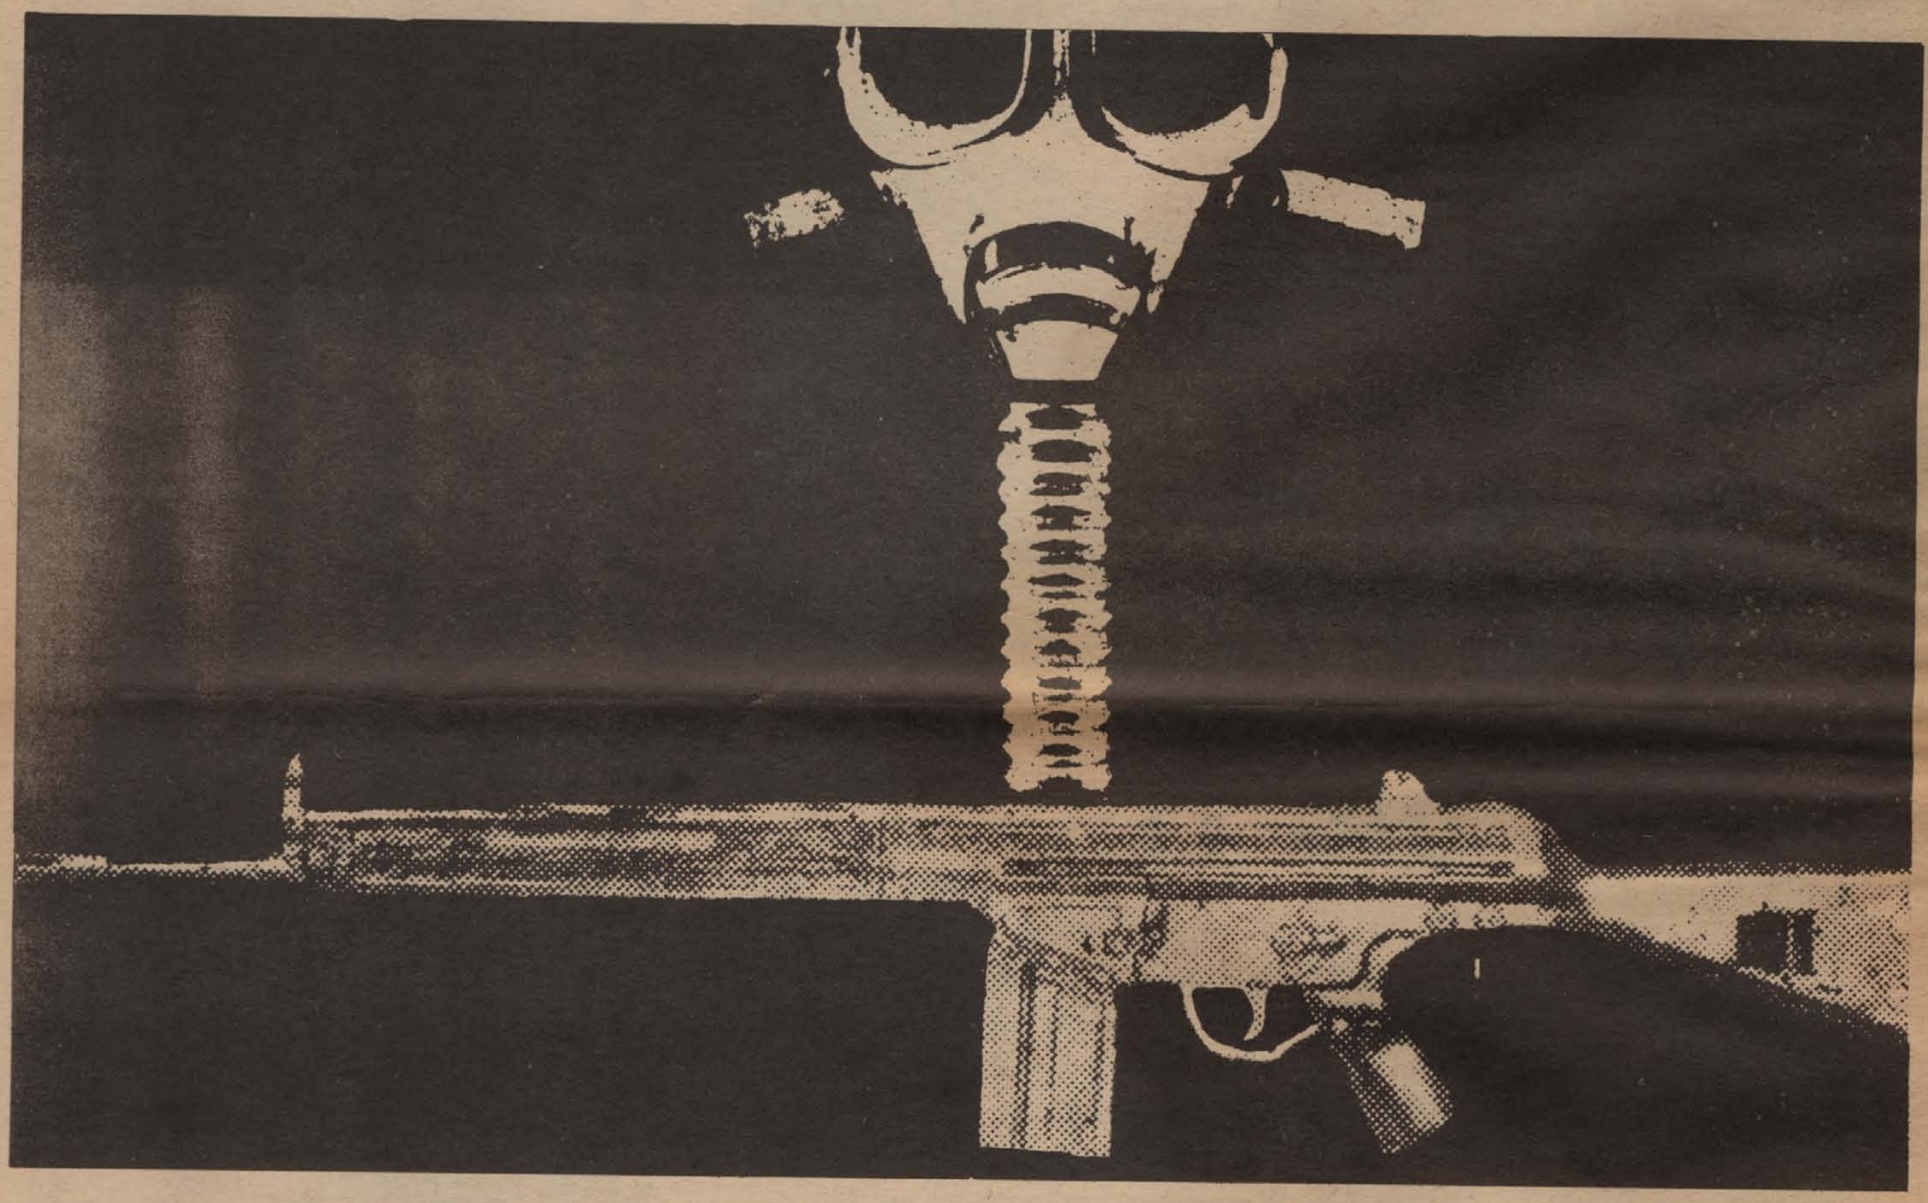
The government took everything from the sea, and now they're giving it back.

The army assured Congress that it was really very safe, although at least 1 cubic mile of ocean would be contaminated if they should go off, and since they've now "lost" the entire cargo somewhere underwater, no one knows which cubic mile will be deadly. Off the coast of Florida, the Bahamas-who knows?

Within 20 years at most, we will need to be farming the ocean to support the earth population. The seas are not so big that they can't be polluted, just like inland lakes and rivers.

A true government of the people, unlike ours now, cares for and meets the needs of the people. Melvin Laird of the Defense Dept. said of course that this was a one-shot deal and couldn't happen again. But they dump out-dated explosives all the time, and 3 times in 1968 they dumped more of this nerve-gas; they just don't talk about it.

Next time they don't know what to do with a lot of extra gas, how about pumpimg it into the Pentagon, the Senate and the White House?



THE PEOPLE WILL STOP POLLUTION

It becomes very obvious that the government is not going to stop pollution until we take over the government. But if we allow the pollution of our air, water, land and lives to continue until then, there won't be any land left for our kids. Our grandfathers and their fathers dealt with the problem of industrialization (pollution in an early form) with the most right on way. Sabotage. Workers in many of the early sweat shops and big mills simply fucked up the machines. Now we have a job to do. Our ancestors tried and succeeded in saving us the land and air. We have to start thinking about our kids. Where are they going to play, swim, fish, farm, dance, and live if we let these big corporations continue to rape and pillage the country? Everyone who is working a job in a company that is causing pollution should start casing the joint. Find out where the vital centers are, where the pollution ducts are, how the factory can be stopped. Then get together with your brothers and sisters in the shop or where ever and begin to stop these death producing giants.

It is up to us to do it. No law or congressional committee is going to think about us or our kids. In fact, there are laws on record since the late 1800's that makes it illegal to dump anything in Lake Michigan. "Stop, hey, what's that sound everybody, look what's going down." We have to start moving to save our world. It's ours because we are the young, the beautiful, the the growing, the NEW NATION.

THE YOUTH WILL MAKE THE REVOLUTION

2 mules for sister sara

The film opens with Shirley MacLaine(Sister Sarah) being saved from rape in the middle of the desert by non other than our hero, Clint Eastwood. Shirley, however, doesn't turn out to be the helpless, frail woman that many woman are made to look like in most money making movies. She is a right-on sister who is being sought after by the then Mexican government for her Revolutionary activities in that country. Posing as a nun, she evades both the Mexican Army and sexual hassles with Clint Eastwood as they cross hundreds of miles together to meet up with the Mexican Revolutionary Army.

Although Clint turns out to be an opportunist who is only in it for the money, Sister Sarah fights for something bigger and much more valuable—the freedom of the Mexican People.

In short, it's good, with lots of action(what else do you find in a Clint Eastwood flic?).

out of sight!

Catch 22

Although a little confusing because of the same exact scenes shown 3 or 4 times in different parts during the movie, it is interesting and funny. Yossarion, during World War II, pulls an assortment of crazy stunts and tricks to keep his sanity in such an insane institution as the US Air Force.

As gunner on a bomber plane, his trouble is not in dealing with the Germans as much as it is trying to keep alive under the commanders at his base. The film shows that even though the US Armed Forces may have looked like the good guys in fighting Hitler's army, a pig is a pig, then and now.

If you read the book, the movie is still worthwhile because of the good acting, the intensity of the situations, and the lightheartedness of many scenes.

Dig it

the revolutionary

It was clear from the beginning that the people involved in making this picture are assholes. The film focuses on one revolutionary (Jon Voight) and they try to make you think that he joins the revolutionary movement because he is an intellectual, because he is a "confused member of the younger generation who was misunderstood by his parents" and a bunch of other bullshit reasons. Then they put in a few sex scenes trying to get a little spirit (which it lacks completely) into the film, but they make the women in his life out to be mindless creatures who would follow him anywhere without question.

From the name of the film, and the advertising on it, it may sound like a good flic to see, but take my advice, don't.

forget it!

A BURNING BUMMER

GAGE PARK AREA

Last week, two houses were burned down--5615 Marshfield and 5820 Paulina. The reason--Blacks had bought these homes and were moving into an all-white neighborhood. The white chumps who pulled off these atrocious jobs thought that burning out black families was the only way to preserve their neighborhood.

One of these homes was bought by a local realtor for $6000. He charged high rent to the tenants and never did a thing to fix up the building. Then the manager collected the month's rent from the tenants and the next day!! sold the building to a Black family for $14000. This family needed a place to live desperately so they were willing to write into their contract that they'd accept the house even though it violated the building code on a lot of points. (The building's been falling apart for years, but the owners have never been taken to court for it.)

Before the new black family could move in, some guys from the neighborhood broke the railings on the front stairs Two nights later they broke all the windows. Then a couple days later, the garage was burned down--The gasoline rags that were stuffed into the beams of the house didn't burn. But finally though, they succeeded in burning the house down.

The fire wasn t put out until 3 hours after it was reported. (It was only a small frame house.) The racist Fire Chief of the district made a statement that vandals did it and it had nothing to do with a racial thing.

So the Real Estate people got a slice. The people who financed the mortgage for the Black family got a slice, and the insurance people got theirs too. The pigs and chump fire-chiefs get their slice. But the people, white or black didn't get shit, as usual.

The jagoffs who burned down these homes may not realize it yet, but all they've done is finish the job the Capitalist pigs started. Those houses weren't fit for human beings to live in 5 years ago! The white racist chump kids who did this acted as lackeys for the pigs and like pigs. Trying to preserve raunchy buildings for anyone is a drag, but burning houses because black people live there is the lowest form of scum.

Kids who pull foolish jobs like these ought to get hip to who the real enemy is--cause if they don't the people's wrath will deal with them --like they will with all pigs!

YOUNG LORDS ORGANIZATION

Former Chairman Cha Cha of the Young Lord's Organization dissappeared the night before he was supposed to be sentenced for stealing $23 worth of lumber to build a day care center for the children of the community. No one knows yet whether he is in the hands of the pigs, or if he is safe with the people. We should remember what Cha Cha said, "They can jail us, brutalize us, they can even kill us, but the motherfuckers can't stop us!" Just before he dissappeared, Cha Cha resigned from the Young Lords-- he wanted other brothers and sisters to learn how to lead the organization, and to build programs to serve all the people of the community. So now, the YLO is continuing to educate the people and show them what the power of the people means.

The Betances Health Center is open every Saturday from 1 to 5 pm. and starting this week, also on Wed. from 7 to 9 pm. People from the clinic will be going around the neighborhood giving TB and Lead Poisoning tests for the people. The pigs are still trying to find some legal means to close the clinic. Even though the Black Panther Party's clinic and the Young Patriots clinic in Uptown won cases in court to keep their clinics open, the pigs are still hasseling the Young Lords with the same statutes. The Young Lords plan to prove that the pigs are using an unconstitutional law to hassel a program which serves the people (for free). The pigs want to have the freedom to look through people's confidential medical files, and say whether the clinic is safe and healthy. What they mean is "the only good revolutionary (or poor person) is a dead one." The pigs will try any means to close this clinic, but the clinic will stay open and continue to serve the people at whatever cost necessary.

People in the neighborhood need this clinic desperately because they can't get any satisfaction from places like County or Grant Hospital. Grant won't even accept an emergency gun shot wound, or stab wound, and a brother recently found out that they won't take people dying of stricnine poisoning. If you don't have bread, you can't come in.

Whether you are having a baby or dying, the hospitals can't seem to get it together to help you when you need them the most.

Within the next 2 weeks, the YLO will resume the Free Breakfast for Children Program at the Church, with political education for the children to learn the history of their people and what the struggles of their revolutionary brothers and sisters are all about.

They are working on a liberation school and drug abuse program also. Right on, the lords are fighting for the needs and rights of all peoples, Puerto Ricans, and all others too. We in Rising Up Angry have learned a lot from the lords, and we support all people programs.

LONG LIVE CHA CHA IN LIBERTY! FREE PUERTO RICO! ALL POWER TO ALL THE PEOPLE!

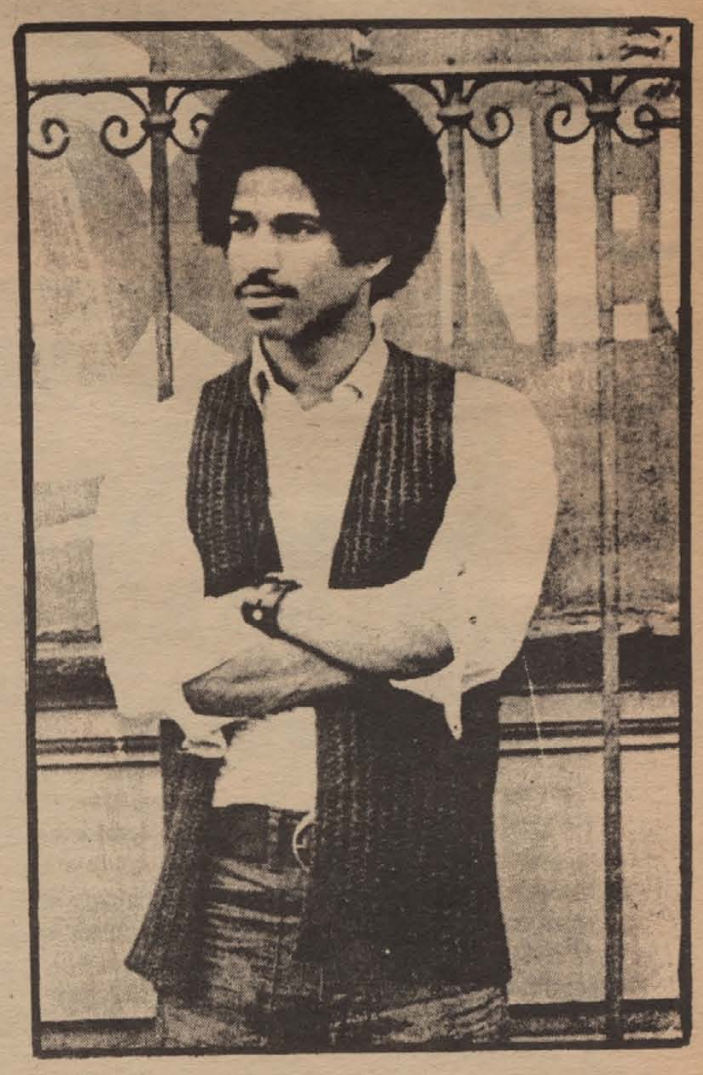
YOUNG LORDS PARTY

Recently the Young Lords Party in New York found out that the mafia has a $20,000 contract out for the assasination of their chairman, Felipe Luciano. The YLP has done a lot of hard work to keep hard drugs out of the PR communities and this mafia threat is the proof of their success. The YLP makes it clear that they are not down on Italians, but their wrath is directed toward money making pigs like those in the mafia.

Anthony "Tony Boy" Imperiale, a Mafia creep who organized the North Ward Citizens Committee (reactionary whites in Newark) imposed a 10 pm. curfew for Black and Puerto Rican people and enforced it with guns. The YLP's answer to these threats is getting the word out to the people and stepping up the pace of the struggle.

A huge rock festival was set up for the week-end of July 17 on Randall's Island, in New York, which is walking distance from the Puerto Rican community. It is the only place people can go to get away from the dehumanizing city after slaving on their jobs. Now it was taken over by the same kind of money hungry pigs that they work for all week. So, the YLP made some demands on the promoters, who, faced with the United Powers of the People- gave in. On Sunday the gates were opened and people came in free and raised the flags of the NLF, and the People's Rep. of China and that of Puerto Rico.

On July 14th, some concerned groups and the YLP siezed control of Lincoln Hospital in their community. They read a list of 7 demands asking for the basic necessities in proper health care, all of which had been asked for many times before, but the administration never did anything . Services at the hospital continued and in fact ran more smoothly with the regular hospital workers being helped by the revolutionary people on the job in the emergency room, translating, directing patients and helping clerks. They even added some new programs- a day care center and anemia and TB testing. After they succesfully made their point- that a worker-patient coalition can effectively run a hospital- they left the building. FREE HEALTH CARE FOR ALL!!!!!



ORGANIZING SELF DEFENSE GROUPS PART II

Self Defense Its A Peoples Thing

We've been doing a lot of rapping about how to buy, clean and operate weapons. That's because we understand that if we want to change this country from a pig thing into a peoples thing, we'll have to pick up the gun. The pigs have been brutalizing and killing our people for too long–we've got to be prepared to defend ourselves and our people. And we know that just as the revolution is a collective thing, people doing it together, so is self defense.

As more and more brothers and sisters from different neighborhoods get serious about making a revolution, they ask "how are we going to win?" and "what do we do now to begin to build the army that we're going to need?" You see, these brothers and sisters are for real and don't dig that peace creep shit. They have serious questions about how we're going to make the revolution. What is the next step? These questions need serious answers, so we should check out what other revolutionary groups are doing. And we shouldn't look for bullshit answers–we should look to a group that has been moving in a revolutionary way for a long time. a group that is leading all of the people to revolution–the Black Panther Party. We should check out what the Panthers are doing about self-defense just as we learned about free breakfast and free medical programs from the Panthers. The Panthers paper has been running a series of articles called "Organizing Self-Defense Groups." We dig those articles and think that they will answer some of the questions that the most serious brothers and sisters have about what we should be doing.

"...Only by taking up arms can we seize power. Without taking up arms we cannot attain power... In order to seize power we should wage an armed struggle; it is impossible to seize power by playing elections."

ASSAULT RIFLES

The assault rifle is either semi-automatic or preferable one that can be fired either semi-automatic or fully automatic. The limit here is that posed by the limit of the enemy's arsenal. Here we will discuss the most common seen in our communities carried by the gestapo pig forces. The AR-15 caliber .223 is the semi-automatic civilian model called "sporting" model of the M-16 used in Vietnam. The M-16 fires either semi-auto or fully auto. After the lives of many brothers were lost in Vietnam because the weapon was new and untested, it has now been de-bugged and is fairly reliable It can be found on all military bases and some gestapo police arsenals. The AR-15 was taken off the public market and has been replaced by the AR-180 caliber .223. The AR-180 does not appear to be as good as the AR-15. However, many pig departments are stocking up on them.

Another very good assault rifle is the M-14 caliber 7.62MM Nato (.308 in English). This is a very good weapon although it has been replaced by the lighter M-16 in the fascist military. Most national guard units are equipped with the M-14.
Check your local National Guard availability.

The Thompson Sub-Machine gun if in good working order is very reliable in .45ACP caliber. It fires either semi or fully auto. One rewarding feature is it uses the same ammunition as the .45 automatic pistol cutting down on the variety of ammunition necessary for your stash. Check your local police/mafia arsenal.

Finally the age-old M1-Garand caliber 30-06. Very good, plenty of them around, heavy and accurate way out, easy to get and plenty of ammo around. Check your pawn shops and gun shops also some national guard units and college ROTC units have them readily available.

The M1-30 caliber carbine? Use it for target practice and training.

Assault rifles are to be used in fire fights, more commonly known as shoot-outs. People waging wars of liberation around the world also use assault rifles to annihialate (wipe out) their enemy's in ambushes and in counter attacks against fascist military outpost.

KNOW THE ENEMY

Know the enemy. At this time the pigs have three things going for them:

1. Communication - C
2. Mobility - M
3. Information - I

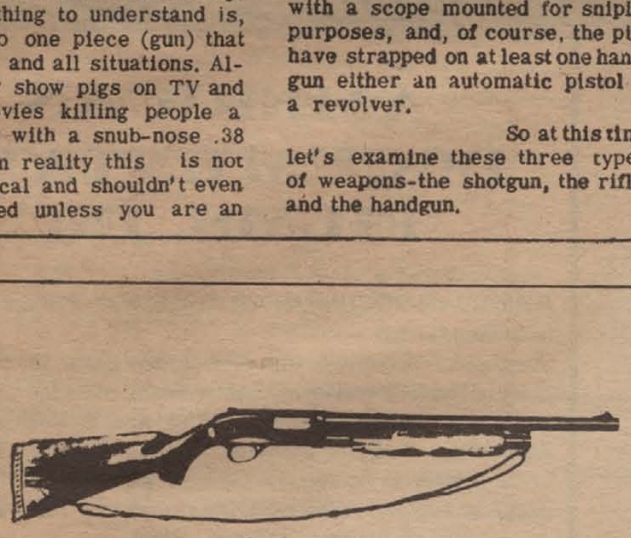
When planning any operation, the pigs' CMI must be taken into consideration in planning tactics.

Due to the brainwashing done by TV, movies, comics etc., there are a lot of incorrect ideas about firearms that must be cleared up. The first thing to understand is, there is no one piece (gun) that covers any and all situations. Although they show pigs on TV and in the movies killing people a block away with a snub-nose .38 revolver, in reality this is not very practical and shouldn't even be attempted unless you are an expert's expert. From seeing too much Wyatt Earp and Mat Dillon too many people think that if they have a hand gun either pistol or revolver that they are ready for anything. All that is necessary to give you a different perspective is to examine the armament of the pigs that occupy our communities anywhere in Babylon. When you do that you will discover that most pig cars have at least one .12 gauge pump or automatic shotgun, one or two semi-sutomatic or automatic assault rifles, one or two bolt-action rifles with a scope mounted for sniping purposes, and, of course, the pigs have strapped on at least one handgun either an automatic pistol or a revolver.

So at this time let's examine these three types of weapons-the shotgun, the rifle, and the handgun.

SNIPER RIFLE

The RIFLE: The bolt-action rifle in .30-06 or .308 (7.62 MM Nato) with a four (4) power scope (or better) mounted is a sniping weapn. A specialist piece. This (deadly) combination is for one purpose, and one purpose only-to fire ONE well placed shot. So each self-defense unit needs only one such weapon at this time. There is nothing else to say about that.



12 GAUGE SHOTGUN

.12 GAUGE SHOTGUN: the pigs use the shotgun, either pump or semi-automatic, loaded with 00 buckshot generally in crowd situations such as rebellions. The standard load is nine (9) buckshot pellets per shell, however there is the magnum load of 12 pellets per shell. These magnum loads are to be used only in magnum shotguns. If you use magnum loads in a regular shotgun, you might not live to tell it.

The pigs also use slugs, 1 giant lead ball. In the plans the Berkeley pig dept. had drawn up to attack National Headquarters of the Black Panther Party, they intended to use slugs to knock the amour plate off of our windows and to knock out the doors. This photograph shows what slugs used by Chicago pigs did to the steel plate on the door of the Black Panther Party here.

There is also a tear gas shell now designed to be fired from a .12 gauge shotgun.

Every home should have at least one .12 gauge shotgun to be used to protect the door. Use 00 buckshot and it will deal with any criminals trying to enter uninvited. Cuban guerrilas used shotguns very successfully in the revolutionary war led by Fidel Castro. They would set up ambushes close to roads usually only a few feet away and shotguns loaded with 00 buck would have a devastating effect upon the occupants of cars and/or trucks.

There is one thing about shotguns that possibly can be viewed as in our favor at this time that is that the barrell is smooth inside so it doesn't put any marks on the pellets; therefore, the pigs can't make an investigation based on ballistic marks.

HAND GUNS

HANDGUNS: There are two types, semi-automatic pistols and revolvers. There are so many different brands and calibers, I will only deal with what I consider to be the best choices.

.357 Magnum revolver made by either Colt or Smith & Wesson. It holds six shots and with armor piercing ammo is supposed to crack an engine block. Many pig departments have switched or are switching from .38 special to .357 magnum. The less powerful .38 special just can't match the .357. There was an incident where a brother was defending himself against a pig and fired at the pig with a .38 special. The bullet hit the pigs badge and was deflected. Had the brother been using a .357 magnum that would have been one bar-b-cued pig.

9MM automatic pistol. Although pistols are called "automatic", they really are semi-automatic. The trigger has to be pressed for every shot. I recommend the Browning 9MM automatic. It comes with a 13 shot magazine. If you put one in the chamber that means 14 shots available. If you're up against someone with a 6 shot revolver, they will have to reload 2 times and you've still got two shots left. You can also purchase a 21 shot magazine. That's a lot of fire power for a handgun.

.45 Automatic pistol. This is still the sidearm issued to the U S fascist military troops. They also can be purchased in stores. There also seems to be a lot of these available in the streets. Check with your local street merchants.

Even if you have the finest self-defense weapons they are no better than clubs if you don't know how to use them. By the same token if you practice, it is possible to get good enough to kill elephants with a .22. However with enough practice with the above mentioned weapons and being armed with revolutionary ideology it is possible like the Panthers who were attacked in Los Angeles in December to be a match for one hundred.

ATHLETIC SUPPORTERS

Chip Oliver, Dave and Stacy Meggasy staying in shape for a different fight!

Sports in the neighborhoods can be cool. When sports train us to be pigs, or are just big business, the hell with it!

Pig Amerika is falling. Her finest short hairs are revolting. The strike this summer of the pro football players is just a part of everyday struggle people all over the world waging against the fascist Pig America. Jock Lib is affecting every atheletic team in the country. No longer can chump coaches tell their teams to go out and get their hair cut like the stars. Almost all the stars in football today are hairy or have dropped out. Dave Meggyesy, linebacker for the St. Louis Cards quits his 33 grand a year job, and says when the revolution comes football will be obsolete. That must be now. Chip Oliver, linebacker for the Raiders goes and joins a commune. He was making 25 grand. "Can't buy me love."

On campus the struggle gets even hotter with the burning down of 40% of the bleachers at Washington State. Washington St. has kept its contract to keep playing Brigham Young, a racist all white university in Utah. All the black football players at Wyoming quit last year rather than play football with those facist chumps. And the struggle goes on. This year on the college gridiron ought to be one of the hottest. Because no one has forgotten Kent State or Jackson State.

The Pig military has used football and athletics in general as a recruiting place for years. "there are in fact a lot of similarities between the training that makes a football player and the training that makes a Marine. I believe that you as coach, and I as a Marine officer are trying to reach the same objective in our work with these young Americans." General Lewis Walt to the American Football Coaches Association. Alittle later he said, "the permissive attitude, together with the deterioration of order and discipline in some of our educational institutions is of deep concern to us in the military and is affecting our officer procurement." Right on Pig!

FREE BUSING TO PRISONS AND JAILS

The Black Panther Party is trying to implement a FREE BUSSING PROGRAM. This bussing program will be for all people, especially parents, relatives, and friends of prison inmates. This program is designed to enable visits between people and those beloved ones locked up in the many prisons and jails around the state.

We want the people to observe the notorious conditions at some of these institutions. We want you to see corrupt prisons in operation and also go to these various prison officials and let them know that they are being watched. That they are being watched by the people, and their actions will no longer be hidden in the darkness of unawareness, but shall be exposed in the light of awareness and political consciousness of a people who have the ability to change this society.

Rising Up Angry is participating in this program and we need your help to make this a reality. Let us know of any church, school or organization that has transportation and would like to donate some time to the liberation struggle. Let us know if you would like to visit people; rides can be arranged to St. Charles, Sheridan, Vandalia, Menard, Joliet, the House, and other places where you have loved one to see.
